

BIO-500F/220V BioSmart™ In-Wall Edition

Cabinet: All Metal -22 & 24 gauge

Air Purification: N/A

Power Supply: Requires isolated 12-gauge wire to fuse panel

Thermostat Type: Any 12-24 volt low-voltage thermostat (not supplied)

Emitter Life Expectancy: 40,000 hours

Warranty: 3-Year Warranty; 5-Year Emitter Warranty

Dimensions: 20 1/2" x 4 3/4" x 4" (HxWxD)

Weight: 8 lbs

Power Requirements: 220 Volt AC 500 Watt

Safety Cut-Off: Yes

Heat Type: Therapeutic Far Infrared Heat

Heat Chamber: Copper-Ion generation panels

Heating Elements: 1-500w ceramic far infrared emitters

Zoned Heat Capability: Pre-wired

Fan System: 1 high volume, low noise 90mm DC fan

Fan Noise Level: 18dB

Listed Approvals: cTUVus International UL/CSA equivalent)

Installation: Any wall with a minimum 3.5" of depth

Chassis Safety Insulation: Exceeds all government and independent laboratory standards for safety
